Work History

Construction Foreman, 02/2012 to Current
Warner's Nursery and Landscaping - Flagstaff, AZ

Carried out construction landscaping for various venues such as the NAU campus and private homes. Led a team of about 10-15 in the forming land, installing irrigation, planting trees/plants and the laying of gravel and sod. Coordinated with customers, contractors and boss to complete each assignment. Interpreted surveys and blueprints to develop accurate schemes. Operated various heavy equipment which accelerated performance and efficiency. Between projects, I would maintain and repair previous irrigation and plant instillation. Finished all requests in timely manner and met all weekly and monthly deadlines.

Security, 02/2011 to 04/2012

San Felipes Cantina - Flagstaff, AZ

Maintained peace and security during late night bar hours. Develop outstanding team leadership skills while having to trust fellow employees. Quickly made executive decisions throughout the night. A lot of trust was granted to my coworkers and I. The ability of cleaning and setting up venues and parties are some other skills developed at this occupation. I gained a lot of trust from my employers and local citizens.

Night Freight , 08/2010 to 12/2010

Home Depot - Flagstaff, AZ

Developed quality skills pertaining to home maintenance and construction. Unloaded freight trucks and distributed items throughout the store during late hours. Assisted customers and retrieved any requested merchandise. Played a key role in the team that resulted in on-time deadlines and happy customers.

Education

Bachelor of Science: Civil Engineering, Current

Northern Arizona University - Flagstaff, AZ

Also studying Aerospace Studies through the Air Force ROTC program. This program has allowed me to develop effective leadership and time management. The program has accelerated my leadership skills and am comfortable in any type of roll. Many hours are spent teaching and developing underclassmen to be leaders in the U.S. Air Force.
