“Clean My Campus” Mobile Application

Cassie Graham, Jennie Ryckman, Justin Shaner, and Chase Mosteller

Ana Paula Chaves Steinmacher

Ellen Vaughan and Brock Brothers

Clients

Ellen Vaughan

- Higher Education Sustainability Professional
- Former sustainability manager with NAU's Office of Sustainability
- Currently at UC Santa Cruz, Water and Climate Action Manager

Brock Brothers

- Manages NAU's Moving and Recycling department
- Oversees trash and recycling efforts at NAU
- Handles general NAU maintenance problems

Problem Statement

- Community involvement is difficult for those who are interested
- More people, more waste, more need for green solutions
- Current reporting method is outdated and unintuitive
- NAU needs to utilize current technologies to solve problems

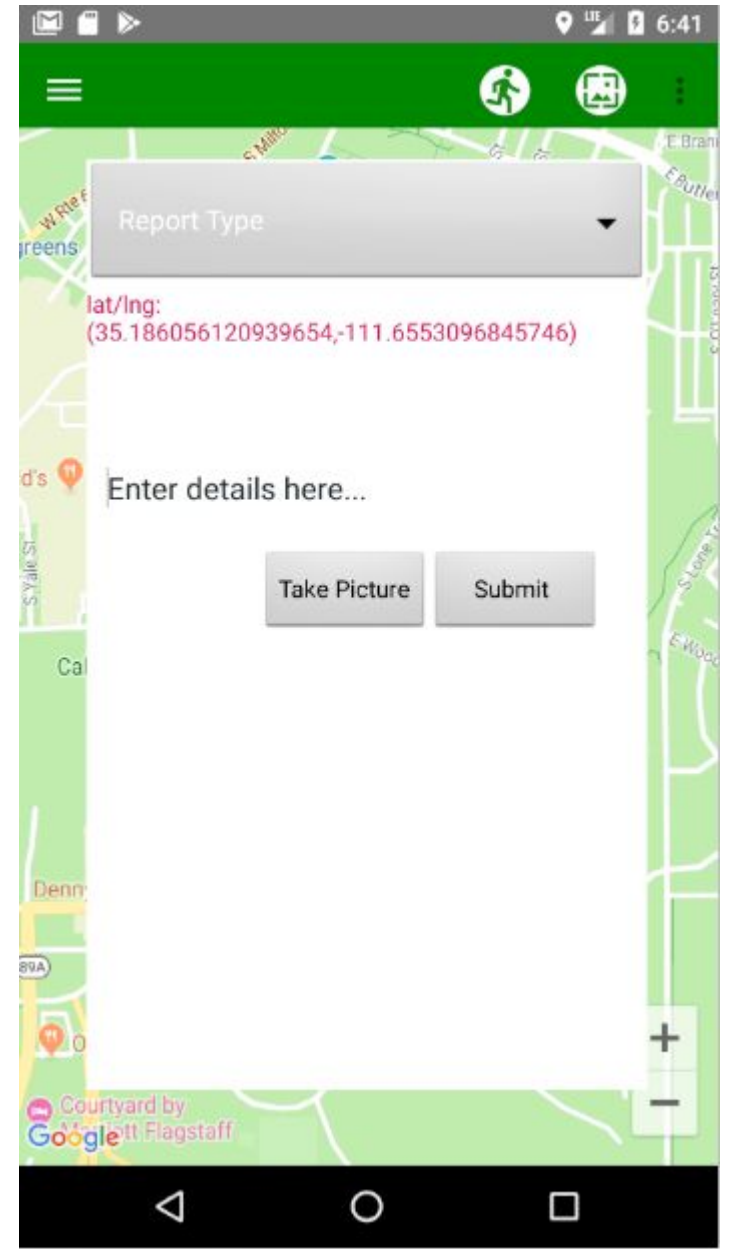

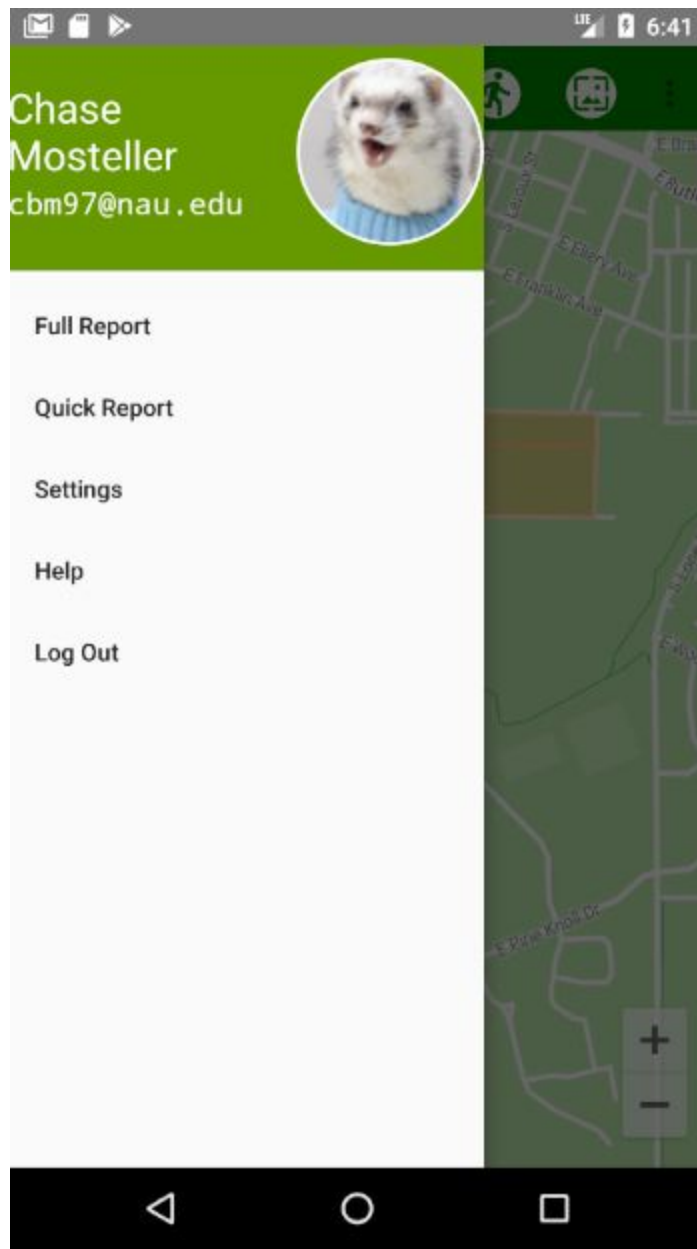

Our Solution

Mobile Application

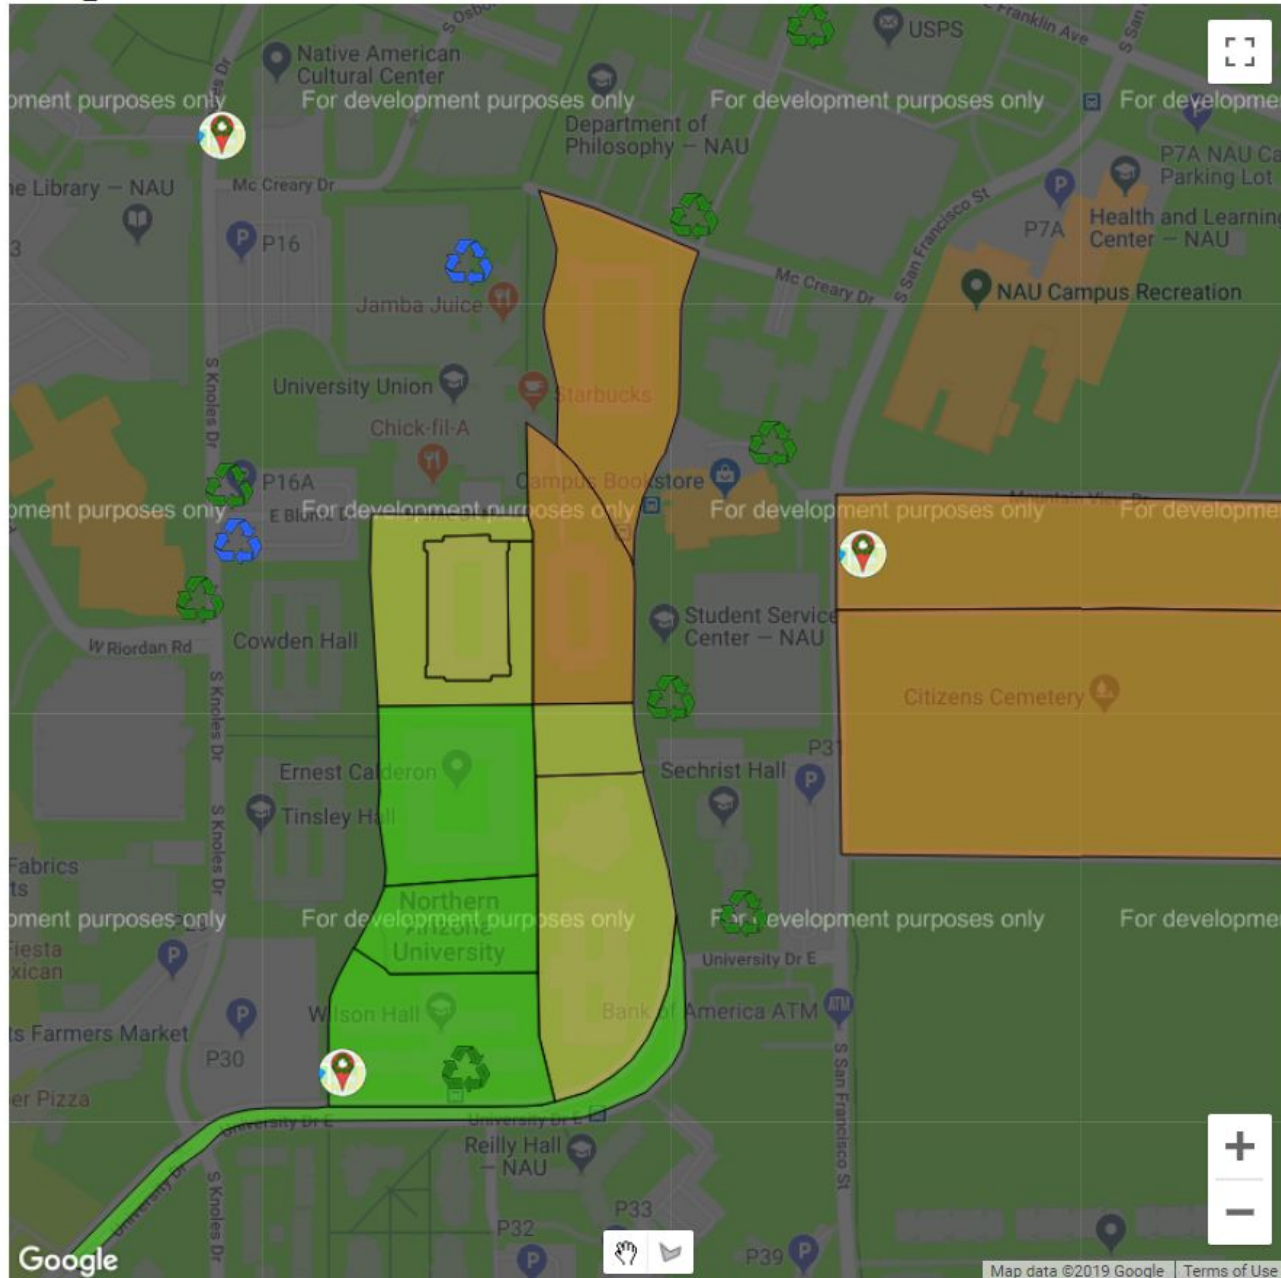

- Allows users to report issues
- Enables the community to get more involved
- Portable new solution for NAU

Administrative Web Portal

- Gives campus administrators control on how to maintain campus
- Shows a broader view of incident traffic

Challenges & Resolutions

- Implementation of web page security and authentication
 - Google Authentication provided framework to build the protection of our web portal
- Reports from multiple accounts creating tasks for the same issue
 - Group tasks together based on a radius and the type of report to minimize redundancies
- Read/Write/Delete to database affects monthly pricing for clients
 - Efficient calls to database and implementing a cache

Schedule

Conclusion

- Problems:

- Outdated reporting methods
- Lack of community involvement
- Growing student population

- Solution:

- New and modern!

- Outcomes:

- Easier task control for maintenance employees
- Data collection and display for labor allocation
- Boosted visibility of campus resources
- Facilitate community engagement and change how people view their communities
