## EXPERIENCE

### **Northern Arizona University** — *Web Support Student Lead*

NOVEMBER 2016 - PRESENT

I work with faculty and staff across the university to help improve and maintain the NAU web presence. I lead other student support staff to help meet other web-related university goals.

### **Freelance Web Design** — *Developer/Designer*

JANUARY 2018 - PRESENT

I work with local Mom & Pop shops to create websites and marketing campaigns to boost their annual sales and representation.

## EDUCATION

### **Northern Arizona University** — *Bachelor of Science*

AUGUST 2016 - MAY 2020

Electrical Engineering with an emphasis in Computer Science.

## PROJECTS

### **Esports Club** — *President*

Established an Esports program at NAU by working with other students, staff, and faculty to develop a program to compete against other universities.

### **Research**

Worked with Dr. Tolga Yalcin to recreate 16 functions of the MSP430 in an online web application. Continued research into second semester by helping create a C-based translator for a binary system into a ternary system.

## SKILLS

Team and Project Leadership

Problem-Solving

Effective Communications

Customer Service
