Next Assignment Talking Point:

Next assignment is the Team Status Presentation. Nothing from Mr. Lehman necessary for completion. Moving towards testing and testing presentation

Notes:

- Talked about where we have gotten to in the past week. What we have been working on and any hang ups
- Can use standard ethernet cable instead of RJ45 Cable
- [MSP4305529 should be the MSP430 that we will use](#)
- Presentation went well last week
- Went over Gantt chart with Mr. Lehman so he could see our schedule
- What resources are we using for PCB design and fabrication
- Don't use VGA if at all possible
- Talked about website and sent link so Mr. Lehman can follow progress via the website

Next meeting:

Next meeting will be a continuation of communication with progress on our respective parts of the project. Continue working on all parts of the project to move towards system integration and testing.
