

Team Meeting

3/7/2017

2:00-4:00 pm

BDL-Wettaw

Meeting called by: Team
Facilitator: Kayla
Timekeeper: Bill
Attendees: All
Please read: Presentation Requirements
Please bring: NA

Type of meeting: Presentation prep and updates
Note taker: Anne Marie Holter

Minutes

Agenda item: Presentation **Presenter:** Kayla

Discussion:

Worked on and completed Midpoint Presentation
Assigned slides for each team member
Ran through practice trials

Conclusions:

We are ready to crush this Midpoint Presentation

Agenda item: Fluid Testing **Presenter:** Bill and Grant

Discussion:

CMC came in!
Starting testing of CMC

Action items

✓ Test CMC

Person responsible

Bill and Grant

Deadline

2 weeks

Agenda item: Casting **Presenter:** Anne Marie

Discussion:

We want to create the outer mold out of stainless steel
Wax mold is not as strong as a metal mold
A metal mold would allow us to heat the fluid within the mold to activate the cross linker

Conclusions:

Look into creating outer mold in machine shop

Action items

✓ Contact Tom about CNC'ing stainless steel mold

Person responsible

Anne Marie Holter

Deadline

2 weeks

Other Information

Observers:

Dr. Becker
