

Sae Micro Aero Team Meeting 17 2/6/19

Meeting time: 10:00 AM

Meeting Location: Machine Shop (BLDG 98C)

Topics

First iteration Build

- Worked on building our first iteration

Changes that need to be made

- Remake battery tray
- Change connectors on ESC to bullet connectors
- Add dean connectors to the battery
- Order adapters for the servos
- Order aileron linkages (metal tie rods and hooks)
- Make elevator and rudder flaps
- Make a red arming plug
- Redesign the motor plate
