

Date : November 29, 2018

Time: 3:15 - 6:20 pm

Type: Team

Goals:

Jake designed modifications to the boat. Will continue designing modifications to the boat as well as CAD model each major component of the design.

Stephen continued modifications to grabber CAD. Will continue modifications due to issues in current model.

Salman finalized solar cell product choice. Prepare blue form to purchase boat and solar cells.

Mohammad continued shopping motors. Will continue shopping motors for the multiple uses needed.

Nader temporarily decided on thermal camera. Will check adaptability to our system.
