<b>5:00pm-end</b>	We met up to discuss the feed we got from the hardware review. We set everything up to take picture to put in the hardware review assignment. We also divided the hardware review into parts and worked on it. We planned to finish it tomorrow on Friday the 29 <sup>th</sup> because it is due at the midnight of that day. We also worked on finishing meeting minutes and post it with the hardware review on our website for the website check that is due also on Friday.	ENG RM112
