Table 1. Record of meeting.

5:00pm-end	We met up in the engineering building to work on our poster. The draft o the poster is due on Friday. Together we decided on what would be the titles of different parts of the poster. We divided the parts between the team member and aim that each person prefect his part for the submission on Friday the 5 th . We also worked on the draft of operation manual and assembly. We also went to the machine shop earlier on 3pm to work on the body of our project.	ENG RM112
