

Meeting Minutess

Tuesday January 29, 2019

Meeting Called by: Ahmad Altheyaib

Minutes recorded by: Abdulaziz Hussain

Attendees: Ahmad Alharbi , Ahmad Altheyaib, Mishary Alhooli, , Abdulaziz Hussain, and Mahmoud Shaban

Recording of what happened in meeting:

From 6:30 pm to 7:00pm	The team meeting was to discuss new ideas for the initial design and introducing gears to the sculpture .	Engineering Building
From 7:00pm to 8:00pm	Each team member is working on his part of the tasks handed to them by Dr. Traves. Mahmuod found several gears. Alharbi got materials such as poly carbonate and aclyric and costs for materials we are using in this design, Abdulaziz had some info about the shaft material needed for the design which is steel for the material. Mishary had ordered a measuring tool (torque measurement device). Altheyaib is to order a pull box.	Engineering Building
From 9:00pm to 10:00pm	We checked each other's work to make sure all tasks and information are presentable and concise.	Engineering Building
