

Team Meeting

All Team members present

Engineering room 112

8:00 to 9:30 pm

12/10/18

Executive summary:

We have met today to discuss about the presentation and the CAD for the design.
Finally narrowing down our ideas and finally picking one.

To accomplish :

- Calculating the stiffness for the spring
- Spring analysis calculation
- Peer evaluation 2
- Hardware review and prototype
- CAD modeling
- Bill of material)(Bowden cables, torque sensors)
- Final report

Individual task:

- CAD Model and spring analysis-Torki
- BOM – Humood
- Dynamic analysis for the cables- Mohammad
- Powerpoint preparation-All
- Final report-barjes
