

## Team Meeting Minutes 16/09/2018

Date: Sunday September 16, 2018 7:00-8:30 pm

Location: Engineering Building

Lead Person: Torki Alhaqqan

Minutes Recorder: Fawaz Almubark

In Attendance: All team members

Executive Summary:

We meet today to discuss the matters of the project. We research some background information about our project. We looked in different articles about Exoskeleton, Series Elastic Actuators, and Exoskeleton prosthetics.

- **To accomplish:**

1. Order the GP32C 123:1 (PN: 166945) + EC-4Pole22 (PN: 311536) the motor
2. Order the PN: 438725 (ESCON 50/5) the gear box
3. Create the website
4. Figure out the necessary information for our project
5. Create the Gantt chart
6. Setup a meeting with Dr.lener and his Advisor which will hopefully be this week
7. Clarify the customer need and engineering requirements
8. Get the CAD files from the client to understand the concept of the motion
