

Team Meeting Minutes

Date: 10/5/2018 2018 5:30-6:00 pm

Location: ENG building

Lead Person: Torki Alhaqqan

Minutes Recorder: Fawaz Almubark

In Attendance: All team members

Executive Summary:

we joined today to discuss about the first draft of our calculation and looking more into our designs sketch's.

To accomplish:

- Place the springs in series
- Change the type of materials
- Pick three different type of springs and calculate them and see which one gives you the torque required
- Use liner springs

Individual task:

Torki- calculation of the springs required

Fawaz- sketches

Mohammad- primary report

Barjis-look for Vulcan springs

Humood- prices for the spring
