

Location: EGR Rm. 108 (Capstone Room)

Date: 11-12-19

Time: 9:30 am

Abstract: Practice Presentation, go over individual analysis, CAD 1st Iteration

Presentation:

- Go over the slides and figure out what needs to be said during each slide of the presentation
- Practice presenting
- Reiterate what everyone needs to practice / fix before the presentation

CAD

- Remind everyone that our first CAD package is due to Willy on 11/15
 - Riley: Blades
 - Tanner: Brakes, Nacelle, Hub
 - Abdulaziz: Tower
 - Faisal: Yaw
 - Naser: Shaft
- Get CAD drawings to Tanner before 11/13
- Second iteration due 11/21 to Willy by email with an explanation for each of the designs

Report

- Assign parts for everyone to do
- Everyone needs to talk about their individual selected designs
- Design Rationale & Design Selected:
 - Blades-Riley
 - Brakes-Tanner
 - Shaft-Naser
 - Tower-Abdulaziz
 - Yaw-Faisal
