

Location: EGR Rm. 108 (Capstone Room)

Date: 11-6-18

Time: 5pm

Abstract: Work on presentation and go over Individual Analysis

- Abdulaziz and Naser did not show up for the meeting and did not give any notice.

Presentation

- Go over what subjects need to be covered during the presentation
- Delegate slides for everyone
 - Riley: Project description and blade description
 - Abdulaziz: Tower description
 - Naser: Shaft description
 - Tanner: Blade description and project requirements
 - Faisal: Yaw description and schedule/budget
- Set a deadline for the presentation to be done by Saturday (11/10)

Individual Analysis

Faisal

- Has found all of his equations needed to do his calculations

Riley

- Has done most of his calculations and needs to do the write up

Tanner

- Finished all calculations, Solidworks, and write up, needs to look over everything to make sure everything sounds correct

Next Client Meeting

- Bring questions about your individual parts and be ready to meet with EE team

Additional Meeting

- An additional meeting was scheduled for Monday (11/12) to practice presentation and put together first Solidworks iteration for Willy

Meeting Adjourned: 6:30pm
