

GROUP 1 STIRLING COOLER  
MEETING MINUTES  
Group meeting: SEP12, 2018

Member present: Luis, Abdulrahman, John, Faiez, Ahmad

Announcements:

Team input:

- Looked at different important topics for our individual tasks.
- Requested a couple quotes for different linear motors.
- Been updating the bill of materials and the cad package.
- Looked at different designs from the free piston design.
- Discussed different types of springs.

Individual Progress:

Each of the team member is working on the individual assignments in order to have it early and use it ASAP.

Future Direction:

We as a team will meet with our Client to get more information about Linear motors. We will be finishing the cad package and BOM soon before our progress presentation.
