

GROUP 1 STIRLING COOLER
MEETING MINUTES
Group meeting: OCT23, 2018

Member present: John, Ahmad

Announcements:

Team input:

- Met at the machine shop to start building the parts we need on the lathe machine.

Individual Progress:

John started working on the inner cylinder part while Ahmad worked on the shaft and piston. Since the machine shop gets busy sometimes with different classes, the team try to come a few times a week to work.
