

GROUP 1 STIRLING COOLER  
MEETING MINUTES  
Group meeting: SEP26, 2018

Member present: Luis, Abdulrahman, John, Faiez, Ahmad

**Announcements:**

**Team input:**

- Team members working on the individual assignment.
- Requested a couple quotes for different linear motors.
- Been updating the bill of materials and the cad package.
- Looked at different designs for displacer-piston momentum.
- We Set up an appointment to meet with our client.

**Individual Progress:**

Each of the team member is working on the individual assignments in order to have it early and use it ASAP.

**Future Direction:**

We as a team will meet with our Client to get more information about Linear motors. We will be finishing the cad package and BOM soon before our progress presentation.
