Staff Meeting #2

Date:10/24/2018

Attendance: Kaled Aleweehan, Abdullah Almutairi, Waleed Almutairi, and Abdullah Ben Gheyam

Discussion:

- Discussed with Dr. Oman with how the team will connect the glass pipe and copper pipe..
- The team showed and discussed with Dr. Oman some ideas of how we will connect the glass pipe and copper pipe including: Radiator hose and power steering hose with nylon cords..
- Discussed with Dr. Oman about the silicon rubber tubing and the what the team heard back for the manufacturing company of it.

For next staff meeting

- Testing the silicon rubber tubing.
- Testing the small scale of the project.
- Justify the length of the copper pipes.
