

# ***Goniometer Team C1***

## ***Meeting Minutes***

October 31, 2017

### **I. Call to order**

Grant Borchert called to order the regular meeting of the Goniometer team at 2:00 on October 31, 2017 at The Dub.

### **II. Roll call**

Alma Palacios conducted a roll call. The following persons were present: All team members

### **III. Approval of minutes from last meeting**

Alma Palacios read the minutes from the last meeting. The minutes were approved as read.

### **IV. Open issues**

- a) Found two different types of straps for the brace and for the securement of the lateral supports
- b) The bottom platform of the prototype is built, and a few things were noticed that need to be adjusted and fixed.
  - Suction cups are too slippery and allow for movement, so friction pads will be looked, and we will try to figure out a way to secure the board onto the floor.
  - Rails with the bolts may cause an issue with the ball bearings and can potentially block the bearing from rolling.

### **V. New business**

- a) Order straps and braces and look for friction pads at Home Depot
- b) Continue building as materials come in
- c) Work on final proposal presentation and paper for the next week.

### **VI. Adjournment**

Grant Borchert adjourned the meeting at 5:00.
