

## Team Meeting Week 2 Spring 18

### Day of Meeting:

Saturday Jan 27<sup>th</sup> 2018

### Time:

4pm-6pm

### Location

Engineering building room 112

### Attendance:

Mahdi Alajmi, Mohammad Alajmi, Hamad Aldhafeeri , Saud Almutairi.

### Discussion:

In this week meeting we discussed our post term reports and how it affected our performance in last semester and see what we need for improvement, then we double checked our website to make sure it hit the requirement, we posted some Pictures and make some updates for the pages. We checked our parts status and collect most of the parts before next week, same thing for manufacturing. And see what is the best way for our project to present our hardware review 1 because we know we have to be at least 50 % or half way done at this time with our project.
