Everyone was in attendance

Announcements and Client meeting discussion

Scope- Tatum, Taylor, and William will be meeting with Michael Daly from SolarThermiX on Friday 13th at 3 p.m. in Tempe, AZ. We will be discussing the Green Rhino material, Solar Air Heater Panel, and Phase Change material while also looking at some of the buildings they already installed these too. We also discussed the actions items, learned about traditions of the Hogan from Lorenzo Max of indigenous studies and visited the on-campus Hogan.

Future Work and Action items

1. Travel to Navajo Nation – Ahmad Abuouf, Alonzo Bizaholoni
2. Contact person in charge of the on-campus Hogan- Ahmad Abuouf, Brandon Dunn
3. Inspect the Hogan and take measurements – Wyatt Bain, Carl Aaker
4. Search NREL for weather data around Navajo Nation- Brandon Dunn, Taylor McCormack
5. Meet Michael Corridan from SolarThermiX – Tatum Begay, William Senseman
6. Meet with the main representative of Green Rhino for potential- Wyatt Bain
7. Send budget to Kyle from SRP- Alonzo Bizaholoni, William Senseman
8. Test InfiniteR PCM on a generic level – Carl Aaker, Taylor McCormack
9. Launch the website – Tatum Begay, Brandon Dunn
10. Create Budget- Alonzo Bizahaloni

New Promises

Each team member will do their individual analytical analyses for next Friday October 20th,2017.
