

CAD package presentation

5/1/2018

Agenda: Team will present status with prototype, demonstrate the prototype, and determine schedule for summer session.

Everyone was present.

Trenton Black created a slide to present the CAD package and bill of materials.

Dakota Hanks demonstrated the prototype. Resolution was at 5degrees

Dr. David Willy suggestions

-look into solar charger

-determine technical schedule for next session

-review with client

-see if a different Arduino can be used that is smaller

Future focus.

Finish peer evaluations, final report, and determine schedule for 486C.
