

Baja Meeting

11/7/19

### Things to be done in the week

#### Everyone

Do your time cards

#### **Final report**

Final CAD by Wednesday Meeting

Tomorrow meeting at shop 9am

Looking at inventory and what is already available for us to use in the shop and off cars  
Also need to purchase engine \$250

#### Front-end

Put together models for everything. Need to check it with frame so frame can be ordered  
Figure out geometries so everything can fit in frame

#### Rear-end

Need 0.058 in thick tubes (VR3 engineering)  
Double check bends so that we can fabricate it (1in od 3.5 in radius)

#### Drivetrain

Already purchased differentials will work with CV's axles

#### Frame

Been putting together each subsystem's portions to frame  
Widen rear end  
Need Money for frame, needs to be next purchase

#### Fundraising

Each week all subteams have to reach out to a company based on the excel spreadsheet  
Assigned last year's sponsors to sub-teams to contact  
Setting up buffalo wild wing fundraiser  
Take from Go fund me for plaques for thankyou's

#### Website

Need headshots for website
