

NPOI Vacuum Manifold Capstone

Team Meeting

11-21-2021 / 5:30 PM / At the Engineering Building

ATTENDEES

Wyatt (Note Taker) / Cydny / Alex

AGENDA

1. Discuss what needs to be done for the final prototype.
2. Focus on the final prototype components.

NOTES

- The team will focus on the final prototype and making sure the team has received everything needed for that demonstration.
- Discuss the manifold connection to the vacuum pump.

ACTION ITEMS

1. Work on the final prototype

NEXT WEEK'S AGENDA

Team will give the final prototype demonstration in class on Monday
