

# Michael Weaver

[520.490.4111] [mikedweaver@gmail.com]

## Summary of Qualifications

---

- 14+ years of work experience in restaurant management, grocery retail, and medical device manufacturing
- Demonstrated ability to manage projects effectively, develop teammates, thrive in a fast-paced environment, communicate cross-functionally, remain adaptable, and lead teams
- Software Experience: E1, PLM, Mtrack, BMRAM, MES, Microsoft Office Suite, Microsoft Teams, Solidworks, ANSYS
- Capstone project at NAU focusing on developing an automated process to build motors for Elemental Motors in Flagstaff, AZ

## Relevant Experience

---

**W.L. Gore** – *Area Leader for VBX Product Line as of Oct 2021* July 2018 – Current

- Monitor daily yields and outputs for the product line to ensure proper product quality and meet daily quotas
- Address issues as they arise, identify where the problem originated and curate innovative ways to surmount them to guarantee that productivity is not negatively impacted
- Experience initiating Observation Report/Non-Compliance Report requests with day one forms and assisting Manufacturing Support Service associates with NCR investigations
- Extensive work in Excel for tracking, planning, and sequencing purposes
- Regular cross-functional communication with Engineering and Quality associates to address any issues that surface on a day-to-day basis
- Respond to the needs of the manufacturing floor, making requests and assisting operators with continuous improvement and other growth opportunities
- Work on longer-term projects as needed, such as planning for a two-week Heparin shutdown and both preparing for and responding to needs after the VBX room move

**Micron Technology** – *Lumberjacks Thrive Extern* December 2021 – July 2022

- Applied and selected as a Lumberjacks Thrive Extern and connected to Chris Wieduwilt, DRAM Design Engineer
- Met with Chris throughout the program to gain knowledge about Micron Technology, the research they are conducting, their testing processes, and the determining factors for DRAM yields

## Education

---
