CAREER OBJECTIVE

I am looking for a position to apply my mechanical engineering skills to improve the world and accomplish inspiring things.

EDUCATION

Bachelor of Mechanical Engineering

Northern Arizona University, Flagstaff

3.25 GPA

Expected Graduation Date: May 2025

Relevant Coursework: Statics, Dynamics, Mechanics of Materials, Material Science, Thermodynamics 1 and 2, Fluid Mechanics 1 and 2, Machine Design 1 and 2, Heat Transfer, Physics 1 and 2, Engineering Design, CAD, Computational Fluid Dynamics

Dean's List: Fall 2020, Spring 2023 & Fall 2023

EXPERIENCE

SAE Aero 25

Flagstaff, AZ | August 2024 – Present

- Designing an aircraft to carry a payload around a course.
- Ensuring design is sturdy and easy to construct while minimizing takeoff distance.
- Developing a design that complies with the competition rules.

Professional Medical Careers Institute – Administrative Assistant

Thousand Oaks, CA | May 2021 – Present

- Providing customer service in the office and over the phone, receiving and depositing large payments, and contacting defaulted students for collections.
- Keeping, updating, and reconciling records of payments received, bills paid, and student financial files.
- Providing quality customer service.

Stater Bros. – Courtesy Clerk

Simi Valley, CA | September 2019 – August 2020

- Offered prompt customer service and assistance throughout the store and recognized for fast friendly customer service and flexible work schedule.
- Responsible for bagging, product location, cart recovery, cleaning, and COVID quality disinfecting.
