Skills

- Hard worker
- Friendly
- Great With Customers
- Team Player
- Good Leader

Experience

Dairy Queen / Shift Leader

May 2019 - March 2020,

Working at Dairy Queen, I was able to move up the ranks swiftly and was a pretty well respected worker there. I was one of the best employees at helping customers and was able to defuse mostly any conflicts that customers had. I also earned my chill pin while working there meaning that I had mastered all of the ice cream on our menu.

Quick Quack Car Wash / Salesman

May 2020 - August 2021, December 2021 - January 2022, May 2022-July 2022

Working at Quick Quack, I learned how to problem solve. I would use this skill when the wash would break down (trying to figure out how to fix it). I also learned how to deal with angry customers and how to improve my sales when they were down. At Quick Quack, my main job was to sell our limited time customers our unlimited membership plan. This taught me patience and helped me work on my customer service skills. While working, I also played the role of an assistant manager throughout most of my time there because we consistently did not have one so I would be the one to step up and help make sure everything ran the way it was supposed to.

Escape Rooms Flagstaff/ Game Master

September 2021 - December 2021

My tasks at the escape room were to greet people, run the room for them, reset the rooms, and clean. While here I was able to laugh and joke with customers while they were playing. A lesson that I learned here was how to give customers a better time while they were in the facility.

Cafe Rio/ Line Cook

August 2022 - May 2023

With my time at Cafe Rio, my main responsibilities were to greet customers when they entered the restaurant, build the meal of their choosing, and to clean. I worked both the line and our togo station and these both taught me

how to multitask, how to thrive in a chaotic environment, and how to manage my time at work so I could do all of my tasks quickly and efficiently.

Matty G's Flagstaff/ Line Cook/Server

January 2023 - June 2023

While working at Matty G's, my responsibilities were to make smashburger style burgers and lobster rolls, prep and clean the kitchen, and to help out wherever my help was needed. During busy days, I would find myself in an expeditor role, making sure we are consistently getting orders out in a timely manner. In the kitchen, I learned knife skills, teamwork, and how to be a better chef. Not long after, I was cross trained to be a server. While serving, you are constantly running around making sure that all of the customers are taken care of. I would have to run food, get drinks, make drinks, change kegs, and help customers. This experience taught me how to bartend, serve, and how to make a fun environment for our customers

Education

Highland High School

August 2017 - May 2021

I graduated with an unweighted GPA of 3.8684 and a weighted GPA of 4.0263

I also graduated in the top 25% of my class.

Northern Arizona University

August 2021 - Present

I am currently attending Northern Arizona University, studying Mechanical Engineering with a current GPA of 3.62

Volunteer work

I used to volunteer for a girls softball league helping out with concession stands, tryouts, and helping teach the girls more about the sport.

I was also in a club freshman year named SPARK where we did volunteer work

I built a shed for our high school softball team as a part of our STEM Capstone project my senior year of high school.
