Customer service-oriented, personable, and eager with experience ranging in various fields. Highly organized and goal focused with an impassioned love for climbing. Well-versed with the Microsoft Office Suite, team work, communication, and problem solving.

Employment

Counselor in Training

Jameson Ranch Camp, 9704, 5760 CA-150, Glennville

Summer of 2016

- Trained with adult counselors and assisted in camp activities
- Worked in kitchen to aid in preparation of food for over 100 campers
- High energy and demands constant communication with team to succeed in a memorable and eye opening experience for the campers
- Activities I assisted in include: rock climbing, cave exploration, and archery.

Part Sorting and Measurement Analysis

Sorenson Engineering, 32032 Dunlap Blvd. Yucaipa, CA 92399

October 2017 - June 2018

- As a Part Sorter, I worked along with a team of five people to sort through thousands of parts a day for defects
- As a Measurement Analyzer, I was tasked with operating and troubleshooting a photograohic measuring device. On the device I would place parts onto a fixture, measure them, and analyze the data to ensure the parts met customer tolerances.
- Communication in this position involved recording reoccurring measurement issues and providing data to my supervisor to determine root cause.

Quality Technician

Sorenson Engineering, 32032 Dunlap Blvd. Yucaipa, CA 92399

June 2018 – 2020

- As a Quality Technician, I work with a board of engineers in the Chemical Deburring and Plating facility to ensure customer quality requirements are being met
- As a Quality Technician, I have communicated directly to customers from Germany, Sweden, and Italy in the form of meetings and conference calls
- As Quality Technician to the Chemical Deburring and Plating Facility, I have handled the task of creating and managing quality reports that analyze our production and relate it to our quality of parts for that given month. These reports are handed directly to the CFO of the company
- In addition, I handle the task of salvaging and investigating defective parts to determine the root cause and necessary corrective action
- In this position I have learned proper meeting techniques, business etiquette, customer service, and problem solving in high stress situations

General Carpenter and Handyman

March 2022 – Present

- **Skilled in Carpentry and Renovations:** Proficient in constructing custom decks, installing flooring, and completing renovations for kitchens and bathrooms, ensuring high-quality craftsmanship and client satisfaction.
- **Project Management:** Strong ability to manage multiple projects, including budgeting, scheduling, and coordinating with clients, suppliers, and subcontractors to ensure on-time, on-budget completion.
- **Client Relations:** Experienced in consulting with clients to understand their vision, providing expert advice, and offering tailored solutions that exceed expectations. Consistently delivering results that align with client preferences and budgetary constraints.
- **Attention to Detail:** High focus on precision and quality in every task, ensuring the durability and aesthetic appeal of all completed projects, from decking and flooring to full kitchen and bathroom renovations.
- **Problem Solving & Adaptability:** Skilled in diagnosing and resolving issues, from structural repairs to unexpected challenges during renovations, while ensuring minimal disruption to the client's daily life.

- **Tool Proficiency & Safety Conscious:** Expertise in using a variety of carpentry tools and machinery, with a strong commitment to maintaining a safe working environment both on-site and for clients.
- **Time Management & Efficiency:** Able to prioritize and complete projects within tight timelines while maintaining attention to detail and ensuring that all work meets the highest standards.
- **Reliable & Trustworthy:** Proven track record of building long-term relationships with clients, based on trust, professionalism, and a commitment to delivering exceptional results.
 - As a skilled and reliable General Carpenter and Handyman with years of experience running my own business, I specialize in building decks, as well as handling a wide range of home renovations, including flooring, kitchen, and bathroom remodels. My hands-on experience, paired with strong client-focused communication skills, ensures that each project is delivered on time, within budget, and to the client's full satisfaction. I pride myself on my ability to problem-solve on the go, and I'm adept at adjusting plans as needed to accommodate unexpected challenges. Through my attention to detail, professionalism, and craftsmanship, I have built a reputation for delivering high-quality work that stands the test of time.

Community Service

Spaghetti Dinner Fundraiser / Waitor & Drinks

2 years- Sophomore-Junior

As a fundraiser for the drama department, students were expected to sell tickets for the dinner then serve or perform during the dining hours. The position I maintained for both years was as a waitor.

Socks for Children's Hospital / Decorator

2 years – Sophomore and Junior

In the community service club, Key Club, we had a sock drive for the Loma Linda Children's Hospital in the winter. We collected around a hundred pairs of socks in which we spent the spring decorating the bottoms of the socks with puffy paint to prevent the children from slipping. The service project lasted a couple months and when we finished we donated the socks to the hospital to give to the children.

Letters to Veterans / Writer

2 years- Sophomore and Junior

My Sophomore and Junior year I participated in a Key Club project writing thank you letters to Veterans, in the letters we often told them the things we were grateful for or a story to memory we had. We went to serve all history classrooms and asked them to also write a small letter or two; once we finished collecting them all, we sent them to the VA hospital in Loma Linda .

Rice for Other Countries/ Participant

1 year- Junior

Through RiceOnline.com, I was able to play trivia games for a long period of time and the more I played, and the higher the score, the more rice they made to give to families in less- developed countries. Once a week for a month, the Key Club meets during lunch time to play the online game, and we

collected over 6,000 grains of rice for families in need.

Extracurriculars

Engineering Ambassador

2 years- Junior and Senior

I had the privilege of being selected as Engineering Ambassador for both my Junior and Senior year. I was nominated out of a select number of students who had the highest grades in the engineering academy and underwent an interview process. As Engineering Ambassador I was in charge of receiving and delivering input from the students in the academy to administration. I also served as a student speaker and traveled to nearby middle schools to promote the program.

Comedysportz® HSL Improv Team/ Social Media Manager

2 years- Sophomore and Junior

Through the Comedysportz® company, I did improvisational comedy for three years at my high school and gained skill in public speaking, teamwork, and communication. My Sophomore and Junior year I held the title of Social Media Manager and worked to help manage the team's instagram and Twitter account to promote upcoming shows and fundraisers. My time on the team allowed me to not only expand my creative horizons and think completely outside of the box, but to apply them to my everyday life inside and out of the classroom.
