## Education

- BS Mechanical Engineering, Minor in Civil Engineering
- *Graduation: May 2026*

## Key Skills

### **Technical & Engineering Skills**

- CAD & Design: SolidWorks, AutoCAD, Bluebeam
- Project Management & Construction Tools: ProCore, CX Alloy, Trimble Software
- Other: Mechanical Design, QC Testing, SOP Development

### **Professional & Soft Skills**

- Collaboration & Teamwork
- Problem-Solving & Process Improvement
- Time Management & Multi-Tasking
- Leadership & Delegation
- Conflict mitigation

## Experience

### **Loven Contracting Field Engineer Intern** – Flagstaff, AZ (June 2-August 22 2025)

- Utilized Trimble Spectrum and Viewpoint for documentation
- Managed uploads, subcontractor coordination, and project documentation
- Supported GC operations and learned subcontractor scopes

### **MacDonald-Miller Facility Solutions – Project Management Intern** - May 13-August 16, 2024

- Learned to conceptualize plans to better understand constructability issues
- Coordinated communication between engineers, clines and project teams
- Supported scheduling, task coordination, and documentation

### **Ash Grove Cement Co. (CRH Company) – Quality Control Intern** - May 22-August 11, 2023

- Performed QC Testing on clinker and cement to ensure quality
- Improved lab workflows through organization and SOP updates
- Created Training materials and delivered adopted recommendations

## **Leadership Experience**

### Kappa Sigma Fraternity

- Vice President – Grand Procurator – Jan. 2023 – Dec. 2025
  - Oversaw internal operations and risk management
  - Let initiative to raise chapter GPA by 30%

### Senior Design Project

- SAE Aero Design – Micro Class
  - Project Lead
  - Fundraising Lead
  - Global Competition – Dallas Fort Worth
