# Nathaniel Winn

## OBJECTIVE

I am a hardworking engineering student that strives for quality in my work while remaining efficient. I am very communicative and work well with others. I am very adaptable and am excited to learn new skills in a hands-on manner.

## SKILLS

### Experience with:

- Solidworks
- MatLab
- Machining
- Microsoft Office

## EDUCATION

**Northern Arizona University, Flagstaff, AZ** August 2022 - Present

**Steve Sanghi College of Engineering - Mechanical Engineering BS**

## EMPLOYMENT

**Strategic Mission Critical, AZ:** May 2025 - August 2025 — *Summer Intern*

- Pipework/ductwork design
- Worked on setting up controls symbols and diagrams

**Portillo's, Scottsdale, AZ:** April 2022 - January 2025 (seasonal) — *Crew Member*

- Worked as a team to complete orders while maintaining quality and efficiency
- Prepared quality food for customers
- Washed dishes and maintained cleanliness of the dishwashing area
- Performed closing duties to create a safe and clean environment for food preparation

**Chili's, Flagstaff, AZ:** September 2022 - December 2022 — *Dishwasher*

- Cleaned dishes and kept the dishwashing area clean and organized
- Store closing duties to ensure a clean environment for preparing food

## PERSONAL PROJECTS

- **Lego Design:** I have designed and built a variety of projects using lego elements. I often create poseable robots or things that would be useful in my day to day life.
